Ben Lanius

A Passionate Perspective for Finding Purpose

Ben Lanius has spent the last nine years growing HighPoint Global (HPG) from a one-man operation he started in his basement to one of *Inc. Magazine's* Top 500 Fastest Growing Private Companies. Today, Ben and his team of more than two hundred employees work with government clients to evolve and elevate the citizen experience in different agencies. HighPoint was founded with the basic belief that the process and communication experience among citizens and government agencies can continually be improved to result in a superior customer experience. As CEO, Ben oversees HighPoint's operations and corporate affairs development. Ben's accomplishments as a successful business owner and leader were solidified in 2015, when Ben was named Entrepreneur of the Year for the Ohio Valley Region. Ben is also a member of the U.S. Technical Advisory Group developing the new Project Management Standard within the International Organization for Standardization (ISO).

Ben's presentation will focus on the insight he has gained from looking for ways to lead well, learning from failures, showing respect to all employees, and providing an open work environment that allows people to thrive. Please join us on March 8th to hear Ben's inspirational message titled, *A Passionate Perspective for Finding Purpose*.

What is Men's Life?

Men's life exists to support men in their walk with Christ. We come together to discuss the issues and problems that are common to men, to support each other, pray for one another, and glorify God.
