Authentic Brotherhood | Kingdom Finances Playbook

Overview: Money is one of the most practical places where our faith becomes visible. In this session, we'll look at the difference between the world's financial playbook and the wisdom of God's Word. The world often teaches us to chase more, compare ourselves with others, borrow freely, and hold tightly to what we have. Scripture calls us to something better: faithful work, wise planning, contentment, generosity, and trust in God as the true provider.

Verse: *"Glorify God with all your wealth, honoring him with your firstfruits, with every increase that comes to you. Then every dimension of your life will overflow with blessings from an uncontainable source of inner joy!."* Proverbs 3:9-10 TPT

Presentation Overview:

- Kingdom finances begin with God's Word, not the world's noise.
- Stewardship means working, planning, and spending with wisdom.
- Generosity acknowledges God's ownership and provision.
- Contentment brings freedom from comparison and chasing more.

Questions for Work as Worship

- What stood out to you most from the contrast between the world's view and God's view of money?
- Which area feels most relevant to you right now: work, lifestyle, debt, investments, giving, taxes, or legacy?
- How have you seen comparison or "keeping up" create pressure in financial decisions?
- What does contentment look like in real life, especially when expenses, needs, or desires keep changing?
- Why do you think generosity is such an important part of financial worship?
- Where can debt, spending, or lifestyle quietly limit our freedom to follow God's leading?
- What is one practical step you could take this week to handle money more intentionally as a steward?

Closing Prayer:

Father, thank You for all You have entrusted to us. Help us to seek Your wisdom over the world's noise, to live with contentment, and to give with generous hearts. Teach us to handle money as faithful stewards so our lives reflect trust in You. Amen.
